

Curriculum Vitae

Regine Andersen

Personal information

- Full name: Elise Regine Andersen
- Nationality: Norwegian
- Affiliation: Fridtjof Nansen Institute (FNI)
- E-mail address: randers@fni.no
- Mobile phone: (+47) 951 18 037

Academic background

- Dr. Polit., University of Oslo, Department of Political Science, 2007. Subject of the doctoral thesis: How international regimes affect the management of plant genetic resources for food and agriculture in developing countries. Published in 2008.
- Diplom Politologin (equivalent to Cand. Polit, political science), Free University of Berlin, 1991 (Summa cum Laude). Dissertation: A comparative study on the socio-cultural dimension of German and Norwegian development co-operation – with focus on project planning and analysed from a political science perspective. Thematic emphasis of the studies: Development cooperation and north-south relations with focus on development theories, strategies, the multilateral system, interaction between ecology and economy. Regional studies: Sub-Saharan Africa, the Philippines.
- Zwischenprüfung Politologie (equivalent to a bachelor's degree, political science), Free University of Berlin, 1987 (Cum Laude). Combination of subjects: An interdisciplinary approach to the understanding of political structures and processes through political theory, history, economics, law, sociology, social anthropology, political psychology and international politics. Thematic emphasis: Development cooperation and north-south relations with focus on the understanding of international economic processes and the role of international financial institutions as well as bilateral donors.

Professional experience

- Research Director, Environment and Biodiversity, FNI (from May 2020).
- Research Professor, FNI, (from January 2020) and Senior Research Fellow, FNI (August 2017 – January 2020): Project leader of *Pathways to food security, poverty alleviation and livelihoods through the implementation of farmers' rights to crop genetic diversity (DIVERSIFARM)*, funded by the Research Council of Norway. Participating in two research projects on access to seeds and the management of suitable seeds in countries exposed to climate change, funded by the Research Council of Norway, responsible for studies on gene-/seed banks and on farmers' rights. Partner in the EU Horizon 2020-project DIVERSIFOOD, with focus on 'enabling legal environments' for the management of on-farm crop genetic diversity. Expert member of technical working groups on sustainable use of plant genetic resources for food and agriculture and on farmers' rights under the International Treaty on Plant Genetic Resources for Food and Agriculture (FAO). Expert member of the Norwegian delegation to all sessions of the International Treaty on Plant Genetic Resources for Food and Agriculture (Plant Treaty). Organizing seminars/events. Consultant for the Secretariat of the Plant Treaty (workshop facilitation and report). Evaluations for the Development Fund, Norway (Nepal, Ethiopia, Malawi). Associated with the EU Horizon 2020-projects DYNAVERSITY and Farmers' Pride.

- Executive Director, Oikos – Organic Norway (January 2013 – May 2017): Personnel responsibility for up to 19 employees, responsible for strategic planning, media activities, communication with political decision makers and stakeholders from the farm to the table, project acquisition and -implementation, organizational activities and economy. Publication of several book chapters on farmers' rights as set out in the Plant Treaty, and co-chair of the Global Consultation on farmers' rights in Bali, Indonesia, co-organized by Indonesia, Norway and the Secretariat of the Plant Treaty.
- Senior Research Fellow, FNI (2006 –2012): Director of the Farmers' Rights Project, an international project aimed at supporting the implementation of Farmers' Rights as they are recognized in the Plant Treaty, with research based guidance, and consisting of various research, dissemination and facilitation activities. The project was supported by *inter alia* the Norwegian Ministry of Agriculture and Food; the Norwegian Ministry of Foreign Affairs; the German GTZ (now GIZ), commissioned by the German Federal Ministry of Economic Cooperation and Development; the Research Council of Norway; and the Development Fund, Norway. Organized and facilitated the 2010 Global Consultation on Farmers' Rights in Addis Ababa, as a preparation of the Fourth Session of the Governing Body of the Plant Treaty. Co-organised the informal international consultation on Farmers' Rights in Lusaka, Zambia, 2007. Project manager of the Access and Benefit-sharing Project, which focused on the implementation of the Convention on Biological Diversity in terms of access and benefit sharing in Africa. Case study related to teff in Ethiopia. Member of the Committee on Genetic Resources of Domesticated Plants, Centre of Genetic Resources, Norway (2011–2013).
- Research Fellow, FNI (1997 –2006): Writing doctoral dissertation (see above); Initiator and Director of the Farmers' Rights Project (see above); Member of the Advisory Committee to the Norwegian Ministry of Foreign Affairs on Results from Norwegian development policies; Responsible for two projects on international response to forced migration in Africa and the role of Norway; Research on the role of multilateral development assistance with regard to the genocide in Rwanda; Conducted various seminars in project planning and evaluation for NGOs in Norway, Indonesia and Papua New Guinea; Research on overlapping international regimes with regard to crop genetic diversity; Consultant to the Research Council of Norway (RCN) on an evaluation on the PhD program for female researchers for environment conservation; Consultant to NORAD and RCN of three reviews concerning NORADs' research support policy in Africa (with field work in Uganda and Tanzania); Conducted seminars with a duration of 2-5 days at NORAD on the sociocultural dimension of development cooperation and intercultural communication at regular intervals throughout 1997.
- Project Manager, FNI (1994 –1996) and Program Director of the Environment and Development Research Programme for 18 months until reorganization of the FNI. Project Manager of a project on sustainable energy strategies in developing countries, with field studies in India. Participation in an evaluation of the integration of environmental concerns in NORADs development assistance.
- Course co-ordinator, NORAD Training Centre, Oslo (1993-94): In charge of developing courses on environmental, institutional, gender, sociocultural and general development issues as well as on planning and monitoring methodology such as the Logical Framework Approach. In shorter periods, deputy leader of the training centre.
- Executive Officer, Carl Duisberg Gesellschaft, Unit for Environment and Resource Management, Berlin (1992-93). Assisting in the development, monitoring and evaluation of training programmes for leaders and key professionals from developing countries' power sectors and *inter alia* organising an evaluation seminar together with the Power Corporation of the Philippines.

- Research Assistant, Free University of Berlin, Department of the Politics of China, East and Southeast Asia (1987-90, during studies).
- 1988: Volunteer at the Friedrich Naumann Foundation, Manila, for four months, assigned with the organisation of seminars in the fields of environmental and legislative training as well as with an analysis of women initiatives for poverty alleviation in a slum area of Manila, using participatory action research as a methodology.
